MAXIMUM SPEED: 29.5 knots
ENGINES: 2 x 1,360 hp MAN
PRICE: €2,350,000 excl. taxes
BUILDER: Marquis (Pulaski - USA)
DEALER: www.westernmarinegulf.com

With a design similar to that of her sister ship, the 690, and the same beam, the 720 can be regarded as the older sibling. One highlight of this model is the large aft twin berth crew cabin. Whilst Nuvolari & Lenard penned her exterior design, the interior decor has been entrusted to Valentina Zannier who elected for European styling, with an ebony floor and pale oak partition walls offered as options. The space dedicated to the galley is impressive and is left open, not separated from the salon by partition walls.

Opposite, a stairway allows access to the large flybridge. Featuring a solarium, a seat allowing six guests to have lunch, an exterior galley and a bimini for shade, the fly is one of the best to feature in this comparison. In the four cabin version, the owner's suite occupies full beam athwartships, while the VIP is in the bow and two guest cabins provide a buffer between - with the one to port offering slightly more space. This yacht would make for a popular charter offering.
