Her impressive volume is wrapped in clever styling

The 88 metre superyacht *Quattroelle* is the first Lürssen designed by Nuvolari-Lenard, which penned the boat inside and out. The exterior of the six-deck yacht features sleek styling aimed at disguising volume, as well as automotive

flourishes such as a funnel inspired by the air scoop of a Formula One car. She sleeps 10 guests plus owners in a contemporary interior and features a helipad, large gym, spa/salon, cinema, art gallery and an eight-person spa pool.
